PORTS OF CALL

These are highlights of the cities you'll be visiting. Shore excursions are available for these sights as well as many others at an additional cost.

Cabo San Lucas

Millennia ago, Cabo San Lucas was part of the Mexican mainland. Then a massive rupture of the San Andreas Fault sent the waters of the Pacific crashing into the newly formed depression, creating the Sea of Cortez and the Baja Peninsula. Lying at the very tip of Baja, where the Pacific meets the Sea of Cortez, Cabo San Lucas - or "Cabo" - is one of the premier resort destinations in the Western Hemisphere. Swim in the transparent waters, marvel at the wealth of marine life, relax on one of the white-sand beaches or try your hand at some of the finest sportfishing in the world.

Mazatlan, Mexico

Lying just below the Tropic of Cancer, Mazatlan boasts a superb year-round climate. Mazatlan, a name that means "Place of the Deer," sits on a peninsula at the feet of the rugged Sierra Madre, and the Cerro de Neveria - "Ice Box Hill" - divides the area's rocky Pacific beaches from the broad, white-sand beaches beloved by visitors. The climate, the beaches, and the world-class sportfishing have turned this commercial fishing port into one of the world's top resort destinations. Yet while visitors flock to the markets, bathe in the sun, or marvel at the airborne ballet of the famed Papantla dancers, Mazatlan remains one of Mexico's major Pacific ports - the city exports over 40 million pounds of shrimp every year.

Puerto Vallarta, Mexico

Puerto Vallarta was sleepy no more; its transformation into an international resort had begun. Then director John Huston chose the village as the location for his film "Night of the Iguana," starring Richard Burton. Today, the city has its own "Gringo Gulch," a haunt of the rich and famous. Travelers are also drawn by its climate, its excellent shopping - which offers great values on leather goods, jewelry, and handicrafts - and mile after mile of palm-lined beaches.
